Dear Cindy:

Re: Testimonials from The Alberta Leadership Forum event
March 25, 1999, Edmonton, Alberta

In follow-up to The Alberta Leadership Forum event held this past March 25, 1999 in Edmonton, Alberta it is my pleasure to let you know of the comments received from the more that 150 participants who attended the event.

*"Personally take action and read Clemmers' book."
"Excellent for meeting other managers and realizing we face very similar issues. Jim's comments 'managing chaos' were very timely."
"The highlight of the Forum was Jim Clemmer's presentation and book."
"Really appreciated the guest speaker (Jim Clemmer) and receiving the book which we can share with staff."
"Very much enjoyed. Found to be informative."
"Jim Clemmer was very moving as well. I am going to enjoy the book."*

In addition, on our evaluation form, we requested the participants to rate the effectiveness of our speakers for The Alberta Leadership Forum. I am very pleased to report that the evaluation rated Jim as a good speaker.

On a personal note I was impressed with Jim and his ability to relate to the participants at the evening session. His selections from *Growing the distance* were excellent and clearly illustrated the points he was making with the group.

My thanks to Jim for his leadership and helping make this Forum the success that it was.

Sincerely,

Ken E. Stepan
Executive Director
