Dear Jim:

I would like to express my sincere thanks for the role you played in making our **2003 Annual Meeting & Conference, Discover The Leader Within** a successful event. Your presence and involvement during the evening awards (May 7), the keynote and concurrent session (May 8) was greatly appreciated.

Respondents filled out an evaluation for each of the two days. We used a 4 point rating scale: 1 - very dissatisfied, 2 - dissatisfied, 3 - satisfied and 4 - very satisfied.

Opening Keynote, Jim Clemmer

1	0
2	0
3	16
4	64

Concurrent Session - Jim Clemmer

1	0
2	1
3	7
4	19

Dissatisfaction related to the fact that people could not hear the conversations (no mikes)

One hundred per cent (100%) were satisfied or very satisfied with the opening keynote address. A total of 80% were very satisfied. Impressive. You were indeed humorous, passionate and profound all at the same time.

Respondents were also asked to let us know what they enjoyed the most. The opening keynote was mentioned several times.

Again, a heartfelt thank you.

Yours truly,

Susan Smith-Brazill
Director of Policy and Communications

*Jim,
It was great
